

"They gave me the strength to tend to his needs, and to not forget about mine."

ARE YOU A VETERAN'S CAREGIVER? YOU ARE NOT ALONE!

As more Northeast Florida veterans need full-time care, family caregivers need to understand their special needs, and how, when and where they can find help—for themselves and their loved ones.

By attending our "Caring for the Veteran's Caregiver" workshop, you'll connect with the professionals and resources that will support you in your caregiving journey. You'll also meet fellow caregivers, share stories and build friendships.

National speakers will include **Deborah Grassman**, from Bay Pines VA Healthcare System, and **Nicole Johnson** from the VA's Caregiver Support Program. Topics will include:

- Challenges for Today's Returning Soldier
- Wounded Warrior: Their Last Battle
- Spiritual Issues in Caregiving
- Social Service Resources for Veterans
- VA Caregiver Support Resources

You'll also get a free breakfast and lunch, and a chance to win door prizes. Exhibitors will offer information on valuable community products and services.

Attend our free workshop for tips and advice to help you and your loved one live better.
